

How to cut down on your paperwork: dispensations

Apply for a dispensation to save time completing forms P11D or P9D.

You may be able to cut down on your paperwork by asking us for a dispensation to cover the benefits and expenses you pay your employees. A dispensation, which covers both tax and National Insurance contributions (NICs), is a notice that means you don't need to put any expenses and benefits included in the dispensation on forms P11D and P9D, and employees don't need to put them on their tax returns.

A dispensation can be given for expenses or benefits where we're satisfied that your employees wouldn't have to pay tax on expenses you pay on benefits you provide. Expense claims must be independently vouched and, where possible, supported by receipts.

If a dispensation is given for expenses, we wouldn't normally count them as earnings for Class 1 NICs. If the dispensation is given for employer provided benefits, we wouldn't normally treat them as liable for Class 1A NICs.

Not covered by dispensations

- company cars and vans that are taxable
- private medical insurance
- cheap loans
- mileage payments
- benefits and expenses covered by an existing exemption in law. More guidance can be found on our website, go to www.hmrc.gov.uk/payerti/exb/schemes/dispensation.htm

Benchmark scale rates

From 6 April 2009, you can opt to use the advisory benchmark scale rates for payments made to employees who incur allowable business travel expenses.

You can find full details in the EIM05321, go to www.hmrc.gov.uk/manuals/eimanual/EIM05231.htm

You should indicate that you wish to do so by answering 'Yes' to question 3 on page 2 of this form P11DX. If you do not want to pay scale rates using HMRC's benchmark rates, please answer 'No'.

How to apply

If you want to apply for a dispensation complete form P11DX, or have your agent complete it, and send it to us. If you have any notes for guidance on employees' expenses, please enclose a copy with the form. We will tell you if any further information is needed.

Keep it under review

We will also review the dispensation from time to time, but will normally only withdraw it if the qualifying conditions are no longer satisfied.

Approved Mileage Allowance Payments

You can make tax-free payments to your employees who use their own cars for business travel if you pay no more than the published statutory rates. Go to www.hmrc.gov.uk/rates/travel.htm for details of these rates. You don't need to report such payments and they don't require a dispensation. Any amounts that you pay over the published approved rates are taxable and need to be entered on the P11D.

Retrospection

If the conditions for granting a dispensation are satisfied, the dispensation will strictly take effect from the date of the notice we issue, although we may agree that it can take effect from the beginning of the tax year to which the dispensation relates. A dispensation cannot apply with retrospective effect to an earlier year.
